

Captain:*(turning to the crew)* Let us remember the world we leave behind...

3b Think of the World You Leave Behind

(The crew gaze up to the stars as the first note is heard. Major Neil sings the opening verse offstage whilst slides of moon landings through the centuries are shown, concluding with his own Lunar Settlement Division launch from 2198)

*At **Letter F** pictures of the polluted planet Earth are shown*

Captain (Letter I): Father Ian, please bless our ship! Let us wish each other Peace and Hope for our journey ahead...

The ship's chaplain blesses the ship. He gestures for the crew to shake hands, to wish each other luck for the voyage ahead. The crew embrace and offer each other Peace and Hope.

During the last three bars a large flag is waved (Les Miserables style)
